

Administrator's Report

Edge Himmel Park

September 22nd, 2021

Enrollment:

AM: 68 (+1 from last month)

PM: 38 (+2 from last month)

Total: 106 (+3 from last month)

*New students starting this week and not represented in the count above: 1

COVID Updates AT Himmel Park:

Since the beginning of the school year, 5 students have tested positive for COVID-19. Of the five students who tested positive, two tested positive at school after attending class resulting in contact tracing and the need to have additional students quarantine. Fifty-four students have been tasked with quarantining in alignment with your mitigation protocols. That represents 51% of our student body. Managing COVID testing, contact tracing, and the required support person follow up requires multiple hours a day worth of work for several staff members.

Upcoming Calendar Items:

September 16th: 10 students were able to receive free dental care through a local event put on by TeamSmile and the Tucson Roadrunners.

September 22nd: ASVAB test being offered to interested students

October 20th and 27th: Health Care Career Connect Days put on by the Pima County Superintendent's Office and Pima Community College.

October 20th, 27th And November 3rd, 10th, and 17th: Cyber Security Externships

Student Survey Results:

Two weeks ago the Himmel Park student body completed a survey designed to identify students who were interested in the calendar items listed above. The survey also solicited student interest in receiving the COVID-19 vaccine if it were offered during school and at a convenient location. Below is a summary of the results of the survey:

Interest in COVID-19 Vaccine

8 interested

16 not interested because they are already vaccinated

Interest in Cyber Security Virtual Externship

19 interested

Interest in Health Care Career Connect Days

22 interested

Interest in Free Dental Care Through TeamSmile Event

18 interested

Ongoing Conversations with Pima County Health Department:

The Pima County Health Department is willing to hold a vaccine clinic at the Himmel Park Library. However, after so few students expressed interest, we are currently brainstorming with them ways to incentive getting vaccinated.

Parent Teacher Conference:

Edge Himmel Park held a Parent Teacher Conference on Wednesday, September 8th . Thirty-one families representing thirty-five students attended. Parents left with a copy of the document at the link below that was completed by the teacher. The intent of the form is to give the parent something tangible that indicates steps they and their student can take to support the student's learning. Completed forms were emailed to families who did not attend Parent Teacher Conference.
